## Ruggles Camp Meeting.

Nothing but the most unfavorable weather can prevent this being one of the most successful meetings in the history of the association. The demand for cottages can not be met by the board, and five new ones will be built this year. Upon every side, we hear of "wagon loads" made up for Sunday and special days, and inquiry at the lively stables yesterday developed the fact they had hired everything they could get for Sunday, August 8th, all of which points to a very large attendance. The future of this popular camp meeting is exceedingly bright, and each year adds to the assurance of its becoming one of the most influential in the State. We understand the board are contemplating quite extensive improvements before another year, including alterations and new roof on the tabernacle, addition to hotel, new cottages, &c.
